

# Standardization in support of the Cybersecurity Act

Presented by: **Luis Jorge Romero**  
**ETSI Director General**

For: **Cybersecurity Standardization  
Conference 2021**

03.02.2021

A bit of history...

---

## *The Cybersecurity Act*

*Need for standards*

*Cooperation*

## ETSI, a very solid partner

---

Made in Europe for global use

Bringing people together

The power of partnership

Being versatile

*Consumer IoT Security*

*5G Network Security Assurance*

*Trust Services*

*AI security*

*Testability of security requirements under  
harmonized legislation*

# ETSI in the SCCG

*URWP*

*EUCC*

*EUCS*

*Full commitment and cooperation*

## Pending challenges

---

EU Cloud scheme experience vs. standardization

Will URWP enable SDO's proper preparation?

Coherence of schemes and legislations

ENISA's support to legislation

Are we up to them?

The Standards People
