TECH SPECS

1

TIME

- ① Collaboration between stakeholders
- ② Anticipating issues
- ③ Flexibility in our approaches

2

WISDOM

What is a WSCA?
Is the wallet instance
a mobile application?

How to reach
assurance
level 'high'?

Do attackers with
high potential only
attack WSCAs?

2

WISDOM

- 1 Clarifying and harmonising terms
- 2 Focus on assurance levels
- 3 Evidence and evaluation
